

Eagle Lake East and North Color Samples

All colors are approximate and may display and print differently than the actual color. When repainting your house, please verify all color selections with the master books held by the ARC and include color samples with your application form.

Each color sample includes 3 to 4 colors. The color listed as the body color is to be used as the main color on the house, including the garage door. The Trim color is for trim areas, and the Door color is for your front door. On some color samples, there are two Door colors, in which case you may select either one.

Please contact the Architectural Review Committee if you have any questions about these color schemes.

ELEHOA - 1

ELEHOA - 1

Body Cornerstone

Trim Pearl Drops

Door #1 Cliff Rock

Door #2 Briquette

All colors are approximate and may display and print differently than the actual color. The paint names and numbers are Behr paint color selections.
